194	5 / 4.1.2	Table 5.23 data is in error. Replacement of Table 5.23 is shown below.
196	5 / 4.1.5	Table 5.26 has items "179*1" and "13*1". These refer to a missing footnote and should read "179 <sup>*1</sup> " and "13 <sup>*1</sup> ". The missing footnote is "Note 1. The residential net energy of 13PJ is less than the remaining wood energy of 18PJ (see Table 5.6) in year 10. Hence with this level of solar PV uptake, residential building annual electricity use will be entirely offset by generation."

Replacement Table 5.23, page 194.
